

## Guide for Language placement and new numbering

Last year, *World Languages and Cultural Studies* courses were renumbered to show a more accurate picture of the level of the courses. Depending on when students took the placement exam for the different languages, their mymack file might refer to the old or the new numbering system.

This is a chart that should help all advisers to identify what level their students have placed in.

Placement based on Old numbers	Students should take
1110	1010
1120	1020
2010	1030
2020	1040
>3000	Anything beyond 1100
