**FAVORITE MEMORY:** Fifty years ago I probably wouldn't have thought that the following would be my fondest memory of Merrimack. Amazing what 50 years can do! My fondest memory is the time when I was a senior, and the Dean of Women, Virginia O'Neil, called me to her office. She told me about a biology teaching position that was available at a private girls high school. She felt that I'd be good at teaching and that I should apply for the job. I did and I got it. It led to a vocation filled with love, joy and wonderful memories.
